

## Help me choose between Single and Multi-Player Modes

We have introduced a new Single-Player mode to assist users with 10 or less players. While most Harmony features are available across both modes, here's a clear breakdown of the key differences between Single Player and Multiplayer mode for businesses looking to play music in their stores:

Features	Multi-Player Mode	Single Player Mode
Play Music from Web Browser	X	~
Control Content on a Single Player	~	<ul> <li>✓</li> </ul>
Control Content on Multiple Players	~	X
Create a Mix for a Single Player	~	<ul> <li>✓</li> </ul>
Create a Station a Single Player	~	<ul> <li>✓</li> </ul>
Add a Program to a Single Player	~	<ul> <li>✓</li> </ul>
Create a Mix for Multiple Players	~	X
Create a Station for Multiple Players	~	X
