

MOOD  HARMONY™ MUSIC

ONE SOLUTION. ENDLESS POSSIBILITIES.

Meet Harmony, the next-generation Brand Experience Platform that lets you make the most of your music, and so much more. More control, more choice and more power to create the ultimate audiovisual experience.

- + Mobile-friendly CMS for Music, Messaging & Digital Signage
- + All music fully-licensed for business use
- + Intuitive and secure web-based control
- + Maximum reliability, seamless playback
- + WiFi compatible
- + Minimal internet bandwidth usage
- + Responsive local service & support

YOU'VE NEVER MANAGED MUSIC LIKE THIS

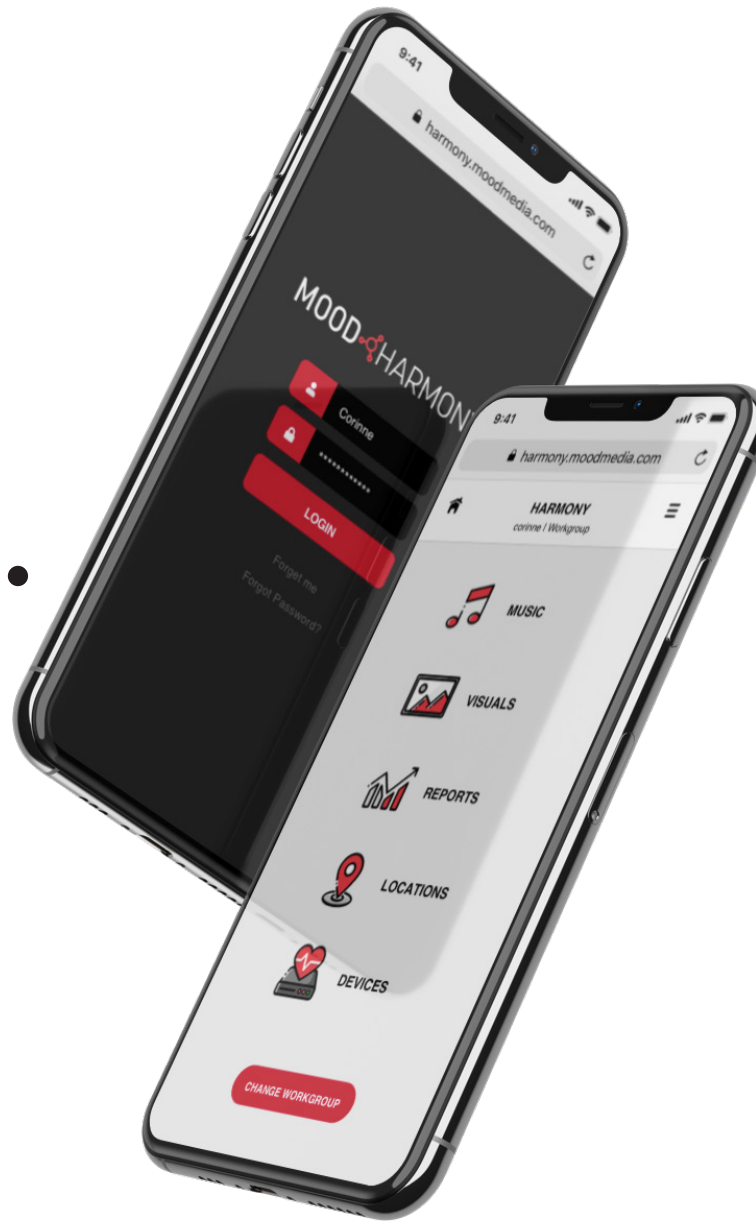

Log into Harmony and easily manage your music from anywhere in the world. Schedule music for one location, groups of locations or across your entire footprint. Whether you're DIY or you want to set it and forget it, Harmony offers a range of intuitive programming options designed specifically for business use.

MIXES. Create your own branded mixes from the world's largest library of fully-licensed music. Choose from hundreds of micro-genres and fine-tune the sound to your liking. Ideal for those who want to curate their sound.

STATIONS. Use the search function to find "seed" tracks that offer the sound you're looking for, and our Virtual Music Design technology will build the perfect soundtrack for your business from there.

PROGRAMS. Harmony offers full access to our library of 150+ professionally-designed signature programs, each fully produced and regularly refreshed with major label and artist content.

CUSTOM. Harmony also supports Custom programs created by our professional Music Designers. Custom programs are our highest level of human curation, each built to create a sound your customers won't hear anywhere else.

SCHEDULE SIMPLY WITH **PLAYLISTS**

Easily schedule your Mixes, Stations and Programs by adding them to your Playlists. Schedule as many playlists as you like for different days of the week and at various times of day. Keep your sound fresh and enhance the energy you want to create at specific times.

HARMONY **ALL-IN-ONE** **MEDIA PLAYER**

Enjoy unmatched reliability, seamless playback and ample storage with the Harmony Audiovisual Media Player. Compact and easy to install, Harmony is energy and bandwidth efficient - and built to withstand the most demanding business environments.
